**More beautiful in the future?**

Is it possible that in the future everyone will look more beautiful? The answer could be yes. Cosmetic surgeons are working hard to find safer and faster ways to help people who want to change the way they look. With the help of computers, people can see their new faces before the surgery is even done. With lasers, cosmetic surgery can be done faster than ever before. And people from all over the world fly countries like Costa Rica, the Dominican Republic, and Brazil, where cosmetic surgery can be dangerous and painful. It is also somewhat expensive for the average person. Consequently, cosmetic surgery is not as popular today as it could be in the future. "Number 34, red, said the croupier monotonously when the wheel stopped at 34 for the third time.

By this time a crowd had gathered-whispering in amazement at the old man's growing stack of chips. And now, for five consecutive times, the finger continued to point at the winning number 34. Then the croupier announced:

### Questão 10)

John was seated near the table, in his pajamas; he was busy cutting down some old fruit tins to turn them into water pots for the birds, and he was absorbed in his work. I was just putting the finishing touches to my toilet when I saw something move in the shadows beneath his chair. Putting on my dressing-gown I went closer to see what it was. There on the floor, about six inches away from John's bare feet, lay a big snake. I had always believed, judging by what I had read and was told, that at moments like this one should speak quietly to the victim, in order to avoid panic and sudden movement. So, clearing my throat, I spoke, calmly and gently: "Keep quite still, old boy, there's a snake under your chair."

**Questão 13)**

Leia o texto abaixo:

For breakfast, I usually have cereal and milk and a piece of fruit – an apple or a banana. If I wake up really hungry then I'll also have a piece of bread with jam on it. Sometimes I'll have eggs, an omelet with cheese and

maybe ham. And if I'm late for class, I'll just have a cup of coffee.

I don't have a lot of time in between classes this semester, so for lunch I will typically grab something quick to eat, like a slice of pizza. Or a sandwich, either turkey or bacon with lettuce and tomatoes. Despite the junk food at lunch time, I try to keep healthy by having another piece of fruit or a granola bar for a snack in the middle of the afternoon.

Dinner is my favorite meal, and it's usually when I eat the most. I love pasta, so I'll often have ravioli or lasagna. Once in a while I will eat chicken with a side of potatoes or spinach. I always have ice-cream after dinner.

Chocolate or vanilla, these are my favorites.

Texto I

Dear Mr. President  
Dear Mr. President  
Come take a walk with me  
Let's pretend we're just two people and  
You're not better than me  
I'd like to ask you some questions  
If we can speak honestly  
  
What do you feel  
When you see all the homeless on the street?  
Who do you pray for at night before you go to sleep?

What do you feel when you look in the mirror?  
Are you proud?

How do you sleep while the rest of us cry?  
How do you dream  
When a mother has no chance to say goodbye?  
How do you walk with your head held high?  
Can you even look me in the eye  
And tell me why
